Brief methodological notes	9
1. Main socio-economic indicators	
1.1. Main socio-economic indicators	12
1.2. Official exchange rate of Belarusian ruble relative to foreign currency	13
1.3. Inflation and movements in exchange rate of Belarusian ruble to U.S. dollar (December to December of previous year) (diagram)	15
1.4. Inflation and movements in exchange rate of Belarusian ruble to Russian ruble (December to December of previous year) (diagram)	16
1.5. Industrial producer price indices and consumer price indices	16
2. Level and dynamics of prices in consumer market	
2.1. Consumer price indices for goods and services (December to December of previous year)	17
2.2. Contribution of goods and services to the overall level of growth of the consumer price index (December to December of previous year) (diagram)	17
2.3. Consumer price indices for goods and services (previous month = 100)	18
2.4. Consumer price indices for goods and services (December of previous year = 100)	20
2.5. Consumer price indices for goods and services (corresponding month of previous year = 100)	22
2.6. Consumer price indices for goods and services (corresponding period of previous year = 100)	24
2.7. Consumer price indices for food goods (including alcoholic beverages and tobacco) (December to December of previous year)	26
2.8. Consumer price indices for selected groups of food goods in 2025 (including alcoholic beverages and tobacco) (December to December of previous year) (diagram)	28
2.9. Consumer price indices for food goods (including alcoholic beverages and tobacco) by regions and Minsk city (December to December of previous year)	28
2.10. Consumer price indices for non-food goods (December to December of previous year)	29

	Pg.
2.11. Consumer price indices for selected groups of non-food goods in 2025 (December to December of previous year) (diagram)	32
2.12. Consumer price indices for non-food goods by regions and Minsk city (December to December of previous year)	32
2.13. Consumer price / tariff indices for services (December to December of previous year)	33
2.14. Price / tariff indices for selected groups of services for population in 2025 (December to December of previous year) (diagram)	35
2.15. Consumer price / tariff indices for services by regions and Minsk city (December to December of previous year)	35
2.16. Consumer price indices for groups of goods and services by the Classification of Individual Consumption According to Purpose (COICOP 2018) (December to December of previous year)	36
2.17. Average prices of selected food goods in retail trade organizations	37
2.18. Average prices of selected non-food goods in retail trade organizations	40
2.19. Average prices / tariffs for selected services for population	45
2.20. Purchasing power of earnings	48
2.21. Core consumer price index	49
2.22. Change (increase/decrease) in overall inflation as compared with core inflation (to previous month) (diagram)	50
2.23. Overall and core consumer price indices (to previous month) (chart)	50

3. Level and dynamics of price on housing market

3.1. Average market price of housing	51
3.2. Average market price of housing by regions and Minsk city	52
3.3. Change in the average market price of housing (previous period = 100)	54
3.4. Change in the average market price of housing by regions and Minsk city (previous year = 100)	55
3.5. Change in the average market price of housing (corresponding period of previous year = 100)	57

	Pg.
4. Industrial producer prices	
4.1. Price indices by commodity group (December to December of previous year)	58
4.2. Price indices by commodity group (previous year = 100)	58
4.3. Price indices by period of the year (previous month = 100)	59
4.4. Price change in 2025 (diagram)	62
4.5. Price indices by period of the year (December of previous year = 100)	62
4.6. Price indices by period of the year (corresponding month of previous year = 100)	65
4.7. Price indices by period of the year (corresponding period of previous year = 100)	67
4.8. Price indices by economic activity (December to December of previous year)	69
4.9. Price indices by economic activity (previous year = 100)	77
4.10. Price indices for selected industrial products (December to December of previous year)	85
4.11. Average prices for selected industrial products	92
4.12. Price indices in Brest region	101
4.13. Price indices in Vitebsk region	102
4.14. Price indices in Gomel region	103
4.15. Price indices in Grodno region	104
4.16. Price indices in Minsk city	105
4.17. Price indices in Minsk region	106
4.18. Price indices in Mogilev region	107

	Pg.
5. Prices in construction	
5.1. Price indices in construction (previous year = 100)	108
5.2. Price indices in construction (diagram)	108
5.3. Price indices for building and assembly works	109
5.4. Changes in industrial producer prices of producer goods and prices of building and assembly works in 2025 (chart)	111
6. Agricultural producer prices	
6.1. Price indices by agricultural products (previous year = 100)	112
6.2. Prices change in 2025 (diagram)	112
6.3. Price indices by period of the year (previous month = 100)	113
6.4. Price indices by period of the year (December of previous year = 100)	115
6.5. Price indices by period of the year (corresponding month of previous year = 100)	117
6.6. Price indices by period of the year (corresponding period of previous year = 100)	119
6.7. Plant-growing producer price indices (previous month = 100)	121
6.8. Plant-growing producer price indices (December of previous year = 100)	123
6.9. Plant-growing producer price indices (corresponding month of previous year = 100)	125
6.10. Plant-growing producer price indices (corresponding period of previous year = 100)	127
6.11. Animal-husbandry producer price indices (previous month = 100)	129
6.12. Animal-husbandry producer price indices (December of previous year = 100)	131
6.13. Animal-husbandry producer price indices (corresponding month of previous year = 100)	133

	Pg.
6.14. Animal-husbandry producer price indices (corresponding period of previous year = 100)	135
6.15. Average prices by products.....	137
6.16. Price indices by regions.....	138
6.17. Price indices of industrial products, works and services used by agricultural organizations (previous year = 100)	140
6.18. Price change of industrial products, works and services used by agricultural organizations and of agricultural products sold (diagram)	140

7. Tariffs of freight and communication services

7.1. Freight tariff indices	141
7.2. Freight tariff indices by period of the year (previous month = 100)	142
7.3. Freight tariff indices by period of the year (December of previous year = 100)	145
7.4. Freight tariff indices by period of the year (corresponding month of previous year = 100)	147
7.5. Freight tariff indices by period of the year (corresponding period of previous year = 100)	149
7.6. Indices of communication services tariffs for legal entities and individual entrepreneurs.....	151
7.7. Indices of communication services tariffs for legal entities and individual entrepreneurs (diagram)	152
7.8. Indices of communication services tariffs for legal entities and individual entrepreneurs by period of the year (previous month = 100)	152
7.9. Indices of communication services tariffs for legal entities and individual entrepreneurs by period of the year (December of previous year = 100)	155
7.10. Indices of communication services tariffs for legal entities and individual entrepreneurs by period of the year (corresponding month of previous year = 100)	158
7.11. Indices of communication services tariffs for legal entities and individual entrepreneurs by period of the year (corresponding period of previous year = 100)	161
